SUMMARY

Full Stack Web Developer with a Bachelors in Bio-Engineering, leveraging my technical and problem solving skills to create a clean and smooth interface. Recently earned my Certificate in Full Stack Development from UNC Chapel Hill, acquiring skills in JavaScript, CSS, React.js, and multiple backend server databases. Exceptionally fast learner and self motivated to expand and improve my skill set and the applications that I work on.

TECHNICAL SKILLS

Languages: JavaScript, HTML/CSS, Express.js, React.js, mySQL-Sequence, MongoDB (mongoose, graphQL)

Applications: GitHub, GitBash, Visual Studio, NPM, Chrome DevTools, MySQL workBench, Robo3T, HeroKu, MongoDB Cloud

PROJECTS

Astronomical Guidance |
Github: *https://github.com/jparris3213/UNC_Project_1_Group* |
Deployed URL: *https://jparris3213.github.io/UNC_Project_1_Group/* |
- Application designed to help Astrophotographers, Avid Skywatchers, and even Space Agencies look to the skies on specific days for both Astroids and even the ISS! The webpage uses the zipcode entered and finds the latitude and longitude and displays information on when the next closest astroids will be passing.
- Was responsible for retrieving data from the NASA api, weather api for zip code info to gather lat and long, and making sure data retrieved was saved to the local storage
- Used API calls, jQuery, DOM methods, bootstrap framework, and local storage

Ripost Forum |
Github: *https://github.com/PhilipBrowning/project2-team-one* |
Deployed URL: *https://philip-project2.herokuapp.com* |
- A webpage that is a posting service that users can post new threads and other users can comment on. In order for a user to post or comment they must be logged in, which means they will have to create a username and password with a unique email.
- Was responsible for the backend server development using mySQL, and creating routes using RESTful best practices.
- Used express.js, node.js, mySQL12, Sequelize, express-session, bcrypt, express-handlebars, JawsDB for our database, and Heroku for deployment

Narrative Treasures |
GitHub: *https://github.com/ajlineb/Narrative_Treasures* |

Deployed URL: *https://narrative0treasures.herokuapp.com* |
- This is an application for Dungeon and Dragons players so that they may keep better track of each player's gold, items in markets, and price fluctuations that can be changed by the dungeon master.
- Was responsible for making the backend database tables, the schemas, and models for the user profile, Dungeon master's custom market items, and creation of new items. Also linked the backend to the frontend.
- Used React, express.js, graphql, apolloServer, mongoose, mongoDB, node.js, bootstrap, JWT or jsonWebTokens, and bcrypt.

EXPERIENCE

Digital Online Sales Team Lead   2020 - Present
Wal-Mart   Siler City, NC
Leader of a forteen employee team, managing operations of incoming orders, ensuring orders are getting picked on time, investigating issues with onhand merchandise, ensuring customers get their orders delivered on time and taken out to them in under 3 minutes of arrival. Critical thinking in a fast paced environment, expert communication with my team and higher management, humble customer service and prodigious time management skills. First manager of this area and kickstarted this Wal-Mart's Online Grocery Pickup (Highest rating in the market district by our customers 4.81 stars out of 5)

Toy Department Manager   2019 - 2020
Wal-Mart   Siler City, NC
Manager of three employee team, managing a department. Ensuring that items were getting stocked, onhand of merchandise is accurate, keep price changes correct and directing my team for success. Critical thinking, developing plans for future Seasonal items (Christmas, Summer) and leadership of my team. (Lowest shrink *loss of inventory* in the entire store 2020)

Electronics Sales Associate   2018 - 2019
Wal-Mart   Siler City, NC
Associate of Electronics employing great customer service, and informing customers on electronic devices such as laptops, desktops, phones, TVs, cameras and games.

Lawn & Garden Assembler Associate   2017- 2018
Wal-Mart   Siler City, NC
Associate of Lawn & Garden both handling a cash register, stocking the area, and assembling grills, furniture, and bikes for customers and management.
